## SUPERMOTO BREAKING EQUIPMENT

The end of the straight... at high speed... outbraking your competitor... You could be the winner! Supermoto brakes make all the difference! Perfect mix of CAD design, high friction materials, and intensive testing has resulted in serious stopping power. Soft compound racing pads and Standard compound long life pads make our braking equipment adaptable for track and street use.

Braking kit; Ø 320 mm disc - 4 piston caliper - adapter - racing brake pads.

Available for: Yamaha - Honda - KTM/Husaberg - Husqvarna

Supermoto Braking equipment is engineered and manufactured in cooperation with:

## 3-WAY ADJUSTABLE TRIPLE CLAMP HOLDER SYSTEM

- An innovative 3 in 1 adjustable Triple clamp holder system for Race, Track-day and Road-use, allows you to adjust the handlebar position, the fork-leg off-set and fork-leg angle!
- CAD desined and CNC machined for guaranteed perfect fitting, easy installation and effortless adjustability.
- Anodized in the unique MVD colour.

### TECHNICAL INFORMATION:

**Handlebar:** 6 positions (3 pos. forward / backward + 2 height Pos.)  
**Fork leg Off-set:** 2 positions  
**Fork leg Angle Standard:** 1 position  
**Optional angles:** 4 positions (0,65° + 1.3° positive and negative angle)  
**Total Weight:** Honda 2800 gr. - Yamaha 2600 gr.

### HEIGHT ADJUSTABLE SWING-ARM LINK SYSTEM

- The ingenious MVD products Height adjustable swing-arm link system allows you to adjust the ride height of your Supermoto.
- CAD desined and CNC machined for guaranteed perfect fitting, easy installation and effortless adjustability.
- Anodized in the unique MVD colour.

### TECHNICAL INFORMATION:

**Weight:** (incl. Bearings) Honda 420 gr. - Yamaha 520 gr.  
**Rear ride height:** Continuously adjustable up to 35 mm.

Available for: Yamaha - Honda - KTM/Husaberg - Husqvarna

MVD products Supermoto adjustable Triple Clamp- and Swing-arm Link systems are engineered and manufactured in cooperation with:

## CARBON WHEEL TECHNOLOGY

- Designed for easier handling, quicker acceleration, later braking and more grip.
- Glittering like "Black Diamonds" they are guaranteed to attract attention.

The 5 spoke model is suitable for regular street use and is TUV approved. Available in the sizes; 3.5x17 front and 5.00x17 rear.

The 7 spoke model is developed for competition use. Available in the sizes; 3.5x17 and 3.6x16.5 front / 5.00x17 and 5.50x17 rear.

- Changeable Brake disc-carriers, Sprocket-carrier and spacers (separately supplied) allow easy movement from one bike to another.

Your MVD products wheels can stay with you for life!

Available for: Yamaha - Honda - KTM/Husaberg - Husqvarna

MVD products Supermoto adjustable Triple Clamp- and Swing-arm Link systems are engineered and manufactured in cooperation with:
